

Brunswick Elevated Rail

Merri-bek
City Council

Public Meeting - Thursday 2 March

The State Government is removing 8 level crossings in Brunswick between Park Street, Parkville and Albion Street, Brunswick. This is expected to be completed by 2027.

Although we are not delivering this project, Council has an important role to play in advocating on behalf of our community, and to work closely with the Level Crossing Removals Project (LXRP) throughout the life of the project. We are seeking feedback at this early stage to understand what is most important to our community.

All community members are invited to this meeting to hear from each other, share what the community engagement is telling us so far, compare views and thoughts on the information collected and agree as a collective on what is most important to inform Council's advocacy position.

To find out more information and online activities on Conversations Merri-bek:

Date: Thursday 2 March

Location: Brunswick Town Hall

Time: 6pm – 8pm

This event is accessible by wheelchair. A hearing loop will be available and Auslan interpreters will be in attendance.
