

# Keep e-waste out of your bins.

E-waste cannot be put into any of your household bins.

E-waste is any item with a plug, battery or power cord that's no longer working. E-waste contains hazardous materials which can be harmful to the environment, but they also contain valuable resources that can be reused.

**Visit [merri-bek.vic.gov.au/azguide](https://merri-bek.vic.gov.au/azguide) to find out where to take your e-waste.**
